FEEL THE SCENE

The biggest one back to when
it all got started when we got the
it can't change overnight
But we gotta do it ourselves
Might as well get started
We done had a hell of a time
You make it count while I'm here
God is the only man I fear

We know that
it's a problem with
I can't help
But we get the
light as well as
We don't have
I'm making it sure while I'm here
So, God is the only man I love
